

3 Courses

Introduction to Java as a
Second Language

The Java Language

Writing Java Application
Code

Jun 19, 2024

Tejaswi Raj

has successfully completed the online Specialization

Java as a Second Language

In this Specialization, learners installed and configured their local Java environment including necessary tools and the Eclipse Integrated Development Environment (IDE). The specialization focused on Java features and functions and included many hands-on exercises to practice new skills and build fully functional Java web and mobile applications.

LearnQuest's Instructor Network is comprised of professionals across hundreds of technology disciplines from around the world.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
